I want more
Than I thought I'd own
I want order in my mind
I want more

I want more
Than I thought I'd own
I want hands to wave goodbye
I want more

Take the river down to
Where the sea comes in
I give up all I've got

Well, almost anything
I wanted reason
I've got a reason now

I want more
Than I thought I'd own
I want order in my life
I want more

I want more
Than I thought I'd own
I want hands to wave goodbye
I want more

Take the river down to
Where the children sing
I'll give up all I've got

Well, almost anything
I wanted reason
I've got a reason now

(I want more)
Take the river down to
Where the sea comes in
(Than I thought I'd own)
I give up all I've got

Well, almost anything
(I want order in my mind)
I wanted reason
I've got a reason now
(I want more)

(I want more)
Take the river down to
Where the children sing
(Than I thought I'd own)
I'll give up all I've got

Well, almost anything
(I want hands to wave goodbye)
I wanted reason
I've got a reason now
(I want more)
