Have you ever been green?  
Have you ever been discovered?  
Did you ever lose your way?  
Did you ever lose your faith in me?

I've lost faith  
Faith and I don't need it  
I want to be here  
Now so I don't need it  
Yeah  
Fall all the way down

Have you ever been green?  
Have you ever been discovered?  
Did you ever lose your way?  
Did you ever lose your faith in me?

I've got home  
Home and I don't need it  
I want to be there right now  
But I don't mean it  
Yeah  
Fall all the way down

Have you ever been green?  
Have you ever been discovered?  
Did you ever lose your way?  
Did you ever lose your faith in

Have you ever been green?  
Have you ever been discovered?  
Did you ever lose your way?  
Did you ever lose your faith in me?  
In me?  
In me?

Johnny the poet is going away  
Said everything that he wanted to say  
And he's already taken the key to his room  
And now he's upstairs with the man in the moon

Have you ever been green?  
Have you ever been discovered?  
Did you ever lose your way?  
Did you ever lose your faith in me?

Yeah
