When the temperature dips, I'm in my baby's arms

His tender fingertips know just how to keep me warm

It may be zero degrees with the snow fallin' down

I've got warm and tender love just as long as he's
around

Chorus:

It may be winter outside

But in my heart it's spring

How much joy and pleasure

Can one guy bring

Winter nights can be awful cold

Without someone to hold

But when I have you next to me baby

I'm in ecstasy

(Repeat Chorus)

Throughout my life I've had my share of guys

But he's been the only one

Who can make my temperature rise

Things are just not the same

When he's not by my side

And yet I shouldn't complain

But be waiting with my arms open wide

(Repeat Chorus to fade).
