Loving you that's all I'm after
Making sure you've got all you need
You're my dreams, my everything
My joy and laughter
Got to keep you happy and pleased

Loving you that's all I'm after
Making sure you've got all you need
You're my dreams, my everything
My joy and laughter
Got to keep you happy and pleased

Don't, don't let me go
No no, I wanna stay
I want to stay close to you
Forever I'll be this way

Let's, let's make love just once more
Baby, I'm yours, yours to give you
And that you need me to

Loving you that's all I'm after
Making sure you've got all you need
You're my dreams, my everything
My joy and laughter
Got to keep you happy and pleased

Baby, there's so much more
I would wanna do
Just longing to give you dear
All of my heart and soul

I'm in love
(So in love with you)
I'm in love
(So in love with you)
Oh, I'm in love
(So in love with you)
You know now dear with you it's true

Loving you that's all I'm after

Making sure you've got all you need
You 're my dreams, my everything
My joy and laughter
Got to keep you happy and pleased

Loving you that's all I'm after
Making sure you've got all you need
You're my dreams, my everything
My joy and laughter
Got to keep you happy and pleased

Loving you that's all I'm after
Making sure you've got all you need
You're my dreams, my everything
My joy and laughter..... (Fade out)
