She moves slowly,
Dancing with me,
Stealing hearts tonight

She whispers softly,
Words that kill,
But I am still alive

And she said; shake it up baby
I know you like to fight
Shake it up baby, shake it one more time

I have to go, I can't stay here
Your not to blame girl, there's nothing to fear,
It's been raining for months, and it feels like a year
But tonight the sky is clear

Holding tightly, heart on my sleeve,
The world is ours tonight She moves closer,
I move closer, our lips both collide

And she said; shake it up baby
I know you like to fight
Shake it up baby, shake it one more time

I have to go, I can't stay here
Your not to blame girl, there's nothing to fear,
It's been raining for months, and it feels like a year
But tonight the sky is clear

Give it up girl, give it up, give it up
Give it up girl, give it up whoa
Give it up girl, give it up, give it up
Give it up girl, give it up whoa
Give it up girl, give it up, give it up
Give it up girl, give it up whoa
Give it up girl, give it up, give it up
Give it up girl

I have to go, I can't stay here
Your not to blame girl, there's nothing to fear,
It's been raining for months, and it feels like a year

But tonight the sky is clear, tonight the sky is clear
