I wonder what happened
Wonder why I feel the way I do
But I do
I must have done something
I could tell what it was if I got through to you
If I do, I do
I could tell what it was if I got through to you
Oh, no no

It's like I'm staring straight into the sun
It's like I'm holding my breath 'till I'm numb
It's like you're watching me come undone
Oh yeah, I come undone

I didn't really mean it
When I said all those things that I chewed away they do
But I do
I'll never make you happy
'Cause I don't know if I could change just 'cause you
told me to
Oh, no no

It's like I'm staring straight into the sun
It's like I'm holding my breath 'till I'm numb
It's like you're watching me come undone
Oh yeah, I come undone

I wonder what's happening
Wonder why I feel the way I do
But I do
I'll never make you happy
'Cause I don't know if I could change just 'cause you
told me to
Oh, no no

It's like I'm staring straight into the sun
It's like I'm holding my breath 'till I'm numb
It's like you're watching me come undone
Yeah yeah
It's like I'm staring straight into the sun
It's like I'm holding holding holding...

You're watching me come undone
Oh yeah, I come undone

Does anybody out there
Ever feel the way I do
Yeah...
