In time I've been doing fine when I'm on the radio
I thought a lot today, I turn it down and it's in my way
And it's fine to realize that you're mine when it's
everything I know
Something's got to give, you find a life maybe you
don't wanna live
And I'm telling you over and over

Don't ask me to slow down now
Don't ask me to try to tell you everything
What I need now is a day

I do it all to get you off
Still you tell me I don't know this love is not the same
You turn away when you're calling out my name
And you're trying to prove you're right
So I just don't come home, something here is wrong
Why the hell have I been holding on this long? Yeah,
yeah

Don't ask me to slow down now
Don't ask me to try to tell you everything
Don't ask me to slow down now
Don't ask me to try to tell you everything

What's that you said, where have you been?
Why don't you just leave me alone?
If you can't take what I can give
Why don't you just leave me alone?

Don't ask me to slow down now
Don't ask me to try to tell you everything
Don't ask me to slow down now
Don't ask me to try to tell you everything

What's that you said, where have you been?
Why don't you just leave me alone?
If you can't take what I can give
Why don't you just leave me alone?

Don't ask me to slow down now
Don't ask me to try, so just leave me alone

Yeah, yeah, yeah
