come down please, come down a while it is a dreamy day to leave it behind slow down please, slow down a while it is the only way to kiss it goodbye

it suddenly happend it's suddenly too much i can't take it anymore i was so blind diving all these years

fake it please, don't fake it now you would never fail and everthing's safe pretend

please, don't pretend it now you will never loose a dream that you made

but you you'll never ever stop it and then set yourself free you'll never ever drop it and break the wheel for me strip off your skin strip off your skin strip off your skin i believe you're still the one somewhere inside yes i do
