I'm getting over it
Yes, I'm getting over it
I always knew that someday
I'll get along / it will all be gone

Kinky bird, oh you kinky bird
I want to hear you sing no more
You make it worse, only make it worse
When you come back to my door

Sneaky bird, oh you sneaky bird
I want to mess with you no more
You make it bad, only make it bad
When you come back for some more

Freaky bird, oh you freaky bird
Don't want to hate you anymore
You make it worse, only make it worse
When you come back to my door

Kinky bird, oh you kinky bird
Don't want to love you any more
You make it bad, only make it bad
When you come back for some more
