Won't take no for an answer  
Every girl a table dancer  
Every boy a rented hole  
A sad infected junkie soul  
Dangerous and open minded  
Games he plays always one sided  
Your downfall is calculated  
Glory days have faded

Tomorrow will be sanctuary  
Young boys, young girls  
Waiting for a miracle

Needle dreaming powder joy  
I'm anybodies, I'm your toy  
Build yourself up with a pill  
It takes guts to kill

Tomorrow will be sanctuary  
Young boys, young girls  
Waiting for miracles  
Just to get by need to get high  
Young boys, young girls  
Waiting for a miracle

Chasing after mother's love  
Hide from dragons high above  
Come to mummy, I'm sure he said  
Drugged me, fucked me, left for dead  
I guess I was asking for it  
But it bit me before I saw it  
Sucked my soul, I had no chance  
Ring the bell for last dance
