I want to make you happy, but I've fallen, I'm sorry  
I thought my wings could hold me up with angels, not  
demons  
You don't know how cool you are  
To find the ways to love me without shame

I want my life to be red with trees and like autumn  
I float away from evil and down towards the healing  
So sad now have become  
The children trapped in the mazes  
I'd give myself to the one, yeah  
Who has the courage to find me and free me, now

If I run I'll just become like all the faking lights  
So let the thunders take me under and break my legs  
tonight  
Let the thunders take me under and break my legs  
tonight, yeah  
Let the thunders take me under and break my legs  
tonight, yeah

Hallelujah, I'm not breathing  
Hallelujah, I'm not breathing  
Hallelujah, I'm not breathing  
Hallelujah

I want to make you happy, but I've fallen, I'm sorry
