caught by spies, chocolate eyes  
strung out youth  
loving yourself, tearing yourself  
tooth by tooth

look up Saint Peter said  
you moms got a liquor head, do you?  
it's gonna be a perfect day  
say the word and I'll run away with you

caught by spies, crashing all night  
cold church pews  
selling yourself, wrecking yourself  
nothing's new

held up at a nickle store  
some guys got nothing more to lose  
it's gonna be a beautiful day  
oh I'll do anything for you

carry all this body armor, wake through the rhine  
pulling off the wings of angels, make them mine  
I do it all for you Caroline

I don't mind the underground  
fighting dogs for you  
pay ten witches a million pounds  
premonition you (for premuniton's truth)

crawling through the end of sound  
the dying dogs of youth  
pay King Garden a million pounds  
premonition you
