Sometimes I mistake my heartache for bliss
Come on now, babe, let's seal it with a kiss
And I'd only avenge you if no one does harm
No one here can lay on your memory bed

Where you kissed your mother
Your father on the head
No one understands you and
But I've got to try, oh someone's got to try
(Mmm)

Come on, play that 45 and dance like sin
I'll lock up the doors, honey, no one'll come in
You're beautiful alone but with so much to give to world
So why not let 'em in?
(Mmm)

Shaking all these branches for love to fall
It's hard when you're looking down and see it all
The leaves are all ending and nothing's there

Laying on the highest limb pulling down stars
Calling your name, I've traveled so far
No one understands you here but I've got to try

Come on, play that 45 and dance like sin
I'll lock up the doors, honey, no one'll come in
You're beautiful alone but with so much to give to world
So why not let 'em in?
(Mmm)

Come on, play that 45 and dance like sin
I'll lock up the doors, honey, no one'll come in
You're beautiful alone but with so much to give to world
So why not let 'em in?
(Mmm)

Come on, play that 45 and dance like sin
I'll lock up the doors, honey, no one'll come in
You're beautiful alone but with so much to give to the
world
