Lying in bed, trying to stay quiet.
Clasp your lips together, right this forever.
I'm holding on tight, letting out a sigh.
Don't ever let go, don't open your eyes.
Breathe deeper, deeper.
Oh, I've never felt better than-
[Chorus:]
Oh, I'm holding on for you...
Let's finish this together.
Have you ever done something that makes you proud?
On and on, until it hands down.
I... I wanna have a good time.
Hearts are beating faster, and nothing could be
harder.
I see you getting closer, Amity.
Your breath is getting shorter,
My arms are tired.
You're slowly sliding closer...
To me.
[Chorus]
Hold on just a second longer, baby.
Hold on, feeling like we'll both get lucky.
Hold on, this will all be worth it, baby.
Hold on...
[Chorus]
