More than a woman,  
she's a black angel  
Fallen from above  
She's in my head  
I'm not a jealous man,  
but for her  
I would kill

She's done me wrong  
In the blink of an eye  
And I need to find out why

Same old song  
But this time around,  
I'll be waving good-bye

All I know  
Is this time around  
Not gonna be the one taking you back  
All I know  
Is this time around  
Not gonna be the one, not gonna be the one

Time heals all wounds--  
do you know how much I've bled?  
She's one of a kind  
Very hard to find  
A woman and a friend

Don't look back  
No matter where she's at  
'Cause she's not in my arms

Carry on  
I'm trying to be strong  
Make it through another day

All I know  
Is this time around  
Not gonna be the one taking you back  
All I know  
Is this time around

Not gonna be the one, not gonna be the one

All I know  
Is this time around  
Not gonna be the one taking you back  
All I know  
Is this time around  
Not gonna be the one, not gonna be the one

Something happened to my baby  
I saw her last night  
Last night she was just fine

All I know  
Is this time around  
Not gonna be the one taking you back  
All I know  
Is this time around  
Not gonna be the one, not gonna be the one

All I know  
Is this time around  
Not gonna give you a second chance  
All I know  
Is this time around  
Not gonna be the one, not gonna be the one

All I know  
Is this time around  
I'm not gonna be the one  
All I know  
Is this time around  
I'm not gonna be the one

All I know  
Is this time around  
I'm not gonna be the one  
All I know  
Is this time around
