There's a light at the end of the tunnel
Wait for me
I'll be coming home soon

And when you cry your eyes i'll remember
Stare at me
I can hypnotize you.....keep callin

Keep calling keep calling
Keep calling keep calling

And the distance has been murder
On my mind
Can't see you with my own eyes

If you decide to get with another
Remember who
I'm the one that loves you.....always

Keep calling keep calling
Keep calling keep calling

If I could just go back
One more time
I'd hold on and never let go
Just go back

One more time
I'd never let
Never let you go

SOLO

And there's a light at the end of the tunnel
Wait for me
I'll be coming home soon

You have to die to get discovered
Peek-A-Boo
I see you through the exit wound.....Keep Calling

Keep calling keep calling

Keep calling keep calling

Well I found your hiding places
In the bedroom, In the basemwnt
Like a scared child under the blankets
No one knows you like I know you
They'll try to control you like I told you
They'll try to control you
No No No No!
