"To The End"

The city lights are in my eyes
All I need is for this moment to separate the truth from
lies
I'm tired of all this fighting
Let me promise you this hour
I'll try to see it from your side
I don't believe i have the answers
But I'll do my best this time
Honestly I will stand by your side till the end
till the end
Honestly I will stand by your side till the end
till the end
I offer you my loving hand till the end
Let me make this clear
Oh i love you darling
I am so afraid of losing you
I hold your hand forever
Everything sooner or later
With so much left I'm sad
Honestly I will stand by your side till the end
till the end
Honestly I will stand by your side till the end
till the end
I offer you my loving hand till the end
I offer you my loving hand till the end
I offer you my loving hand till the end
I offer you my loving hand till the end
I offer you my loving hand till the end
Honestly I will stand by your side till the end
till the end
Honestly I will stand by your side till the end
till the end
I offer you my loving hand till the end
