I don't wanna go through this life  
Without you by my side  
And I have got it all worked out  
In my head  
Here's how it's got to be

It will be you and me up in the trees  
And the forest will give us the answers  
It'll be you and I up in the sky  
Its a combination for disaster

We, we make believe  
In a world we rule together  
We, can build our dreams  
With a knot tied tight to last forever

It will be you and me up in the trees  
And the forest will give us the answers  
It will be you and I up in the sky

It's a combination for disaster

Yeaa-yeaaa-yeaaa-yea-yea-yea  
We got one shot  
So let's use our imagination  
Yeaa-yeaaa-yeaaa-yea-yea-yea  
You're all that I've got  
So where do we go from here?

It will be you and me up in the trees  
And the forest will give us the answer  
It will be you and I up in the sky  
It's a combination for disaster

And I know there's more for us in this life  
If we hold on  
If we hold strong  
I know there's more for us in this life  
Can we hold on, can we hold on?
