I don't want to live to regret
I'd rather walk away and forget
These pieces of me
Flashes of you
Lifeless collages of what we do

The world needs to slow down
Meet you hard when you hit the ground
Take life slowly
Avoid the mellow drone

Distance: you stand back from me
Quiet I can hear you breathe
This moment means the world to me
Escape from my reality
And overcome reality

And now it's time we take some time...
Strip off all the layers
And I see what your body has to offer
My mind hits the dirt...
Start the penetration
Does my voice penetrate?
In one ear and out the other
Listen hard, 'cause this can't wait

Distance: you stand back from me
Quiet I can hear you breathe
This moment means the world to me
Escape from my reality
And overcome reality

Distance: you stand back from me
Quiet I can hear you breathe
This moment means the world to me
Escape from my reality
And overcome reality

This is our continuous bow

This is our continuous bow

'Cause this is our continuous bow
