Oh the trouble with the truth  
Is it's always the same ol' thing  
so hard to forget so impossible for me to change  
Everytime i try to fight it  
I know I'll be left to blame  
Oh the trouble with the truth  
is it's always the same ol' thing  
And the trouble with the truth  
is it's just what i need to hear  
Ringing so right deep down inside my ear  
and it's everything i want  
and it's everything i fear  
Oh the trouble with the truth  
is it's just what i need to hear  
it has ruined the taste of the sweetest lies  
Burned through my best alibis  
Every sin that I deny  
Keeps hanging 'round my door  
Oh the trouble with the truth  
Is it always begs for more  
Thats the trouble trouble with the truth

Thats the trouble trouble with the truth

And the trouble with the truth

Is it just won't let me rest

I run and hide but there's always another test

and I know that it won't let me be

'Till i've given it my best

The trouble with the truth

Is it just won't let me rest

Thats the trouble trouble with the truth

Thats the trouble trouble with the truth

Thats the trouble trouble with the truth

Thats the trouble trouble with the truth
