I knew her since high school
We were seventeen
I was old enough to know she was old enough to dream

I try to remember, bring back memories
And you know that she is always on my mind
She knew what i needed , never let me down
She was always the last to leave
And the first to come around
I try to remember, bring back memories

(chorus)
And you know that she is always on my mind ,always on
my mind
She's driving me crazy
Always on my mind, And you know that she is always
on my mind

Every night in my dreams i still see her face
But she gave it up for me ,she only gave me a taste
Every time i see her it comes back to me

(chorus)
And you know that she is always on my mind ,always on
my mind
She's driving me crazy
Always on my mind, And you know that she is always
on my mind

Always on my mind

She's driving me crazy always on my mind
And you know that she is always on my mind, always on
my mind
