You're a good friend
My security lies in this
I lie down because I care

You make it easy in the darkest shade of grey
We know what to say
You're a brilliant play on words
Your unusual expectations

It's everything I want (it's everything I want)
It's all that I deserve (it's all that I deserve)
It's everything you want (it's everything you want)
It's all that I hope for (it's all that I hope for)

It's everything I want (it's everything I want)
It's all that I deserve (it's all that I deserve)
It's everything you want (it's everything you want)
It's all that I hope for (it's all that I hope for)

And all the times I lose my mind with each scenario
Another minute to be blind and insecure

We want it all
We want it now
We want it all
We want it now
We want it all
We want it now

It's everything I want
It's that all that I deserve
It's everything you want
It's all that I hope for

It's all that I hope for
