Words and Music:: Austin Roberts, James Dunne, Mike Reno

Oh what an illumination love can be  
Open up your eyes to it's light and you will see  
You did that for me, you opened up my eyes

Then extraordinary changes started happening to me  
My temperature would rise and fall inside of me  
Words came naturally, you were more than I could  
fantasize  
And I'll never know, why someone's heart wants to die  
If you ever need, if you need to tell me goodbye

Don't keep me in the dark  
Silence won't protect you  
If you're gonna leave  
You got to let me know

Don't keep me in the dork  
Tell me when it's over  
You tear my world apart  
When you keep me in the dark

I can't put my finger on what might have been  
Any more than I con say when the love will end  
But time and time again  
I realize you're all I need to know  
You'll still be part of the hole in my heart and my soul  
But if our love should ever lose it's control

Don't keep me in the dark  
Silence won't protect you  
If you're gonna leave  
You got to let me know

Don't keep me in the dark  
Tell me when it's over  
You'll tear my world apart  
If you keep me in the dark

Don't keep me in the dark  
Silence won't protect you  
If you're gonna leave  
You got to let me know

Don't keep me in the dark  
Tell me when it's over  
You tear my world apart  
When you keep me in the dark

Don't keep me in the dark  
Oh no, don't keep me in the dark  
Don't you keep me in the dark  
Don't you look away
