If you care, don't say you're sorry
If you believe, then show me why
Times are slow, I'll keep on running
I count my luck like I count my money

I'm a star
I conquer the world
Destroy all my enemies
My friends will follow me
My friends will follow me

Keep me away
Oh, tell me a secret
I'll tell you what I want to
I'll tell you what I want to be
I'll tell you what I want to
I'll tell you what it really means to me

I'm a star
I conquer the world
Destroy all my enemies
My friends will follow me
My friends will follow me

If you want, you can take it slowly
If you believe, then show me why
I cross my arms, but it's never easy
The questions burn inside me
Tell me what I should already know

I'm a star
I conquer the world
Destroy all my enemies
My friends will follow me
My friends will follow me

I will
I will
I will
I will
