[male voice:]

Mr. Reno? - Yes? The Jaguar your girlfriend ordered, it's
in

With the new paint it comes to 42 thousand pounds
And we'll send our man 'round in the morning with it,
alright?

[female voice:]

...20 thousand dollars. Shall we put that on your
account, mam?

Always a pleasure to do business with you
Great!

She's so fine, she's so eccentric

And what she buys, must be authentic

I paid up, to keep her down

I go crazy when she's not around, yeah, yeah

She's got me in the palm of her hand, but please
understand

No one ever made me feel quite like a man, she does,
oh yeah

You see that little girl of mine

That's where my money goes, that's where my money
goes

And I work hard (he works hard), I work overtime

It's no good, cause I can't save a dime

When I have it, I got to spend it on my baby

Cause I'm so dependent, yeah, on her love, yeah

My friends tell me I'm out of my mind, but it's not a
crime

I'll do anything to keep that girl all mine, oh yeah, all
mine

She's satisfied and it shows

That's where my money goes, that's where my money
goes

So take it all baby

(Solo)

Alright, spend a little bit here, Dee

Now listen

My friends tell me I'm out of my mind, but it's not a
crime

I'll do anything to keep that girl all mine, oh yeah, I
know

She's satisfied and it shows, she's satisfied and it
shows
That's where my money goes (that's where my money
goes)
That's where my money goes (that's where my money
goes)
That's where my money goes (that's where my money
goes)
That's where my money goes (that's where my money
goes)
I'll tell ya, she's satisfied and it shows
That's where my money goes (that's where my money
goes)
That's where my money goes (that's where my money
goes)
That's where my money goes (that's where my money
goes)
That's where my money goes (that's where my money
goes)
Bye, bye, money, hello happiness
