Words and Music:: Paul Dean, Steve Tracey, Todd Carney, Taylor Rhodes,, Mike Perodeau

It's been a long time in the makin'  
We always knew that we could reach this place  
Sometimes it's hard to find a reason to run  
We'll still be standin' at the end of the race

Nobody said it would be easy  
Sometimes it's hard to keep your dreams alive  
It's so close we can taste it, counting the nights  
With my eyes wide open, for the power drive

We will rock, we won't stop  
Better get ready, cause ready or not  
So hold on, to what we got, hold on

Burn down to the ground, we got a volatile situation  
We're gonna rock tonight, we're gonna get it right  
Cause it couldn't be better  
Burn down to the ground, we're gonna violate our probation  
We're gonna rock tonight, we're gonna get it right  
Cause it couldn't be better  
It couldn't be better  
It can't get much better than this

Oh no, it can't get much better  
Oh no, It can't get much better than this

Why don't you meet me after midnight  
We're gonna ride that electric high  
It's now or never, and the time is right  
Turn up the power, we'll split the sky tonight

We will rock, we won't stop  
Better get ready, cause ready or not  
So hold on, to what we got, hold on

Burn down to the ground, we got a volatile situation  
We're gonna rock tonight, we're gonna get it right

Cause it couldn't be better  
Burn down to the ground, we're going to violate  
our probation  
We're gonna rock tonight, we're gonna get it right  
Cause it couldn't be better, it couldn't be better  
It can't get much better than this

Oh no, it can't get much better  
Oh no, it can't get much better

(Solo)

Burn down to the ground, we got a volatile situation  
We're gonna rock tonight, we're gonna get it right  
Cause it couldn't be better  
Burn down to the ground, we're going to violate  
our probation  
We're gonna rock tonight, we're going to get it right  
Cause it couldn't be better  
It couldn't be better  
It can't get much better than this

It can't get much better  
It can't get much better  
It can't get much better  
It can't get much better than this
