Burning up the miles, there's a full moon out tonight  
I've got a high-heel Venus, doing twice the speed of  
light  
Crank it up through the gears, see what she can do  
Women and cars everything they say is true

Stand in line, no, no  
Wasting time, no

Friday night, Friday night  
I just got paid, no sleep 'til Monday  
Friday night, Friday night  
Who cares, it's only money

I've been bidin' my time, listen to the Boss man scream  
Workin' forty hours, payin' for this dream machine  
'Cause I'm living proof, every mad-dog has his day  
I'm going to find me a woman, head out on the Old  
Highway

Stand in line, no, no  
Wasting time, no

Friday night, Friday night  
I just got paid, no sleep 'til Monday  
Friday night, Friday night  
Who cares, it's only money  
Friday night, Friday night  
Friday night, Friday night

It's only money

Friday night, Friday night  
I just got paid, no sleep 'til Monday  
Friday night, Friday night  
Who cares, it's only money

Friday night, Friday night  
I just got paid, no sleep 'til Monday  
Friday night, Friday night  
Who cares, it's only money  
Friday night, Friday night

Friday night, Friday night
