Here's lookin' at you  
What do you think the chances are  
we're gonna' make it together?  
Here's callin' your name  
'cause I have to do the things  
I have to do

What's a poor boy to do  
when he's fallen in love with you?  
Help me make it through the night  
Everything's gonna be alright

Yeah

Come to me deep in the night  
I Look at you, I feel alright  
Crazy little things you do  
Make me wanna be with you tonight

Whoa

What's a poor boy to do  
when he's fallen in love with you?  
Help me make it through the night  
Everything's gonna be alright

You take me to the top  
You take me to the top  
You take me to the top  
Yes you take me  
You take me to the  
You take me to the  
You take me to the top

Just give me your hand  
Hold it out  
Close your eyes  
Move up close to me  
Just talk to me  
in the tone of voice

You really don't leave me

any choice you see

What's a poor boy to do  
when he's fallen in love with you?  
Help me make it through the night  
Everything's gonna be alright

You take me to the top  
You take me to the top  
You take me to the top  
Yes you take me  
You take me to the  
You take me to the  
You take me to the top

(instrumental)

Just let me lay my hands on you  
That's the thing I wanna do  
Wanna spend some time alone?  
Give me a chance and I'll take ya home

Whoa whoa

What's a poor boy to do  
when he's fallen in love with you?  
Help me make it through the night  
Everything's gonna be alright

You take me to the top  
You take me to the top  
You take me to the top  
Yes you take me  
You take me to the  
You take me to the  
You take me to the top

Talk about love (9x)

Love.....
