There's a new love in your life
I see it in your smile
There's a new love in your life
I've known it for a while

You should have told me from the start
But, oh no, you had to leave me in the dark

And now you better watch out
You better watch out for me
So now you better watch out
You better watch out for me, yeah

Now there's a new love in my life
Two can play that game
There's a new love in my life
Now you got the same

You should have told me from the start
You should have told me
And saved me from this broken heart

So now you better watch out
You better watch out for me
So now you better watch out
You better watch out for me, yeah

We're shoutin'

I'm saying, ohh ohh, you better watch out
Ohh, ohh, you better watch out now

You should have told me from the start
You should have told me
And saved me from this broken heart

Now you better watch out
You better watch out for me
And now you better watch out
You better watch out for me

Now look around, baby

You better watch out for me
I'm gonna drive you crazy
You better watch out for me

'Cause two can play that game
You better watch out for me
And I'll be doing the same
