Hmmmn... hmhhh... hhhmmn...
I was captured the moment we met
Carried away with every word you said
It's a mystery how you got to me
I fell in the spell of your charms
With your siren's smile you caught me off guard

Just one glance took away my breath
Then you drew me in with your tenderness
You captivate my soul, I'm enraptured
You knocked me out and you locked me up
Stole my heart like a thief at love
Keep me here in your happy ever after
I'm captured (oh... I'm captured)

By the way just in case you care
I'm here to stay, I'm not going anywhere
I took a dive in your deep dark eyes
And I'm never coming up for air
I lost myself in this bond that we share

One sweet kiss took away my breath
Then you drew me in with your tenderness
You captivate my soul, I'm enraptured
You knocked me out and you locked me up
Stole my heart like a thief at love
Hold me tight in your happy ever after

Now you've got the best of me
No one else could hold the key
I'm captured
I'm captured

Just one touch took away my breath
When you drew me in I could not resist
You captivate my soul, I'm enraptured
You knocked me out and you locked me up
Stole my heart like a thief at love
Keep me here in your happy ever after

I'm captured [3x]
