I found you at last
You are worth the wait
Now I know that love is never late
Most times I ask
Where have you been all this time
But it doesn't matter now
Coz you are mine

Chorus 1:
Now you are so near
Your breath I hear
I've been waiting so long for you
I thought I'd never find you
But now I'm sure
This love will be real, ohhh..

I found you at last
You are worth the wait
Now I know that love is never late
My search has ended
My heart is mended
But your love that is true
And my love that is you

Chorus 2:
And now that you are here
Flowin' with love and care
Imagine all the years
That we will spend together
I can't wait to start my life with you.

Bridge:
Many sunstes have past
Each one lonely, never lovely
But you came here today
You she'd light to my dark days.

Now you are so near
Your breath I hear
I've been waiting so long for you
I thought I'd never find you
But now I'm sure

This love will be real

(Repeat Chorus 2 higher/ moving
Chords 1 fret higher)
