You give me hope,
The strength, the will to keep on;
No one else can make me feel this way
And only you
Can bring out all the best I can do;
I believe you turn the tide
And make me feel real good inside.
You pushed me up
When I'm about to give up;
You're on my side when no one seems to listen
And if you go,
You know the tears can't help but show
You'll break this heart and tear it apart;
Then suddenly the madness starts
CHORUS:

It's your smile,
Your face, your lips that I miss,
Those sweet little eyes that stare at me
And make me say,
I'm with you through all the way.
'Cause it's you
Who fills the emptiness in me;
It changes ev'rything, you see,
When I know I've got you with me
You pushed me up

When I'm about to give up;
You're on my side when no one seems to listen
And if you go,
You know the tears can't help but show
You'll break this heart and tear it apart;
Then suddenly the madness starts
CHORUS:

It's your smile,
Your face, your lips that I miss,
Those sweet little eyes that stare at me
And make me say,
I'm with you through all the way.
'Cause it's you
Who fills the emptiness in me;
It changes ev'rything, you see,
When I know I've got you with me.

It's your smile,
Your face, your lips that I miss,
Those sweet little eyes that stare at me
And make me say,
I'm with you through all the way.
'Cause it's you
Who fills the emptiness in me;
It changes ev'rything, you see,
When I know I've got you with me.
