Here I am on the floor
You left me with a bloody lip and my shirt is torn
Cause I tried to get away with lies you've heard
Before
You threw our picture out the window
I said don't go

You picked up your pride and you walked over me
You grabbed your shoes, your phone, your keys
Before you slammed the door you screamed

This is the last, the last time
You stick a knife into my back
& you'll wish you could rewind every second chance
you
Had to tell the truth to follow though
I doubted me and trusted you
Every time you cross the line you want one last last
Time

Try to stand but I fall
The echo of stilettos in the hall to the street
Where you took the knife from your back to the seats
Of my car...
You threw a brick right through the window

And as you go

4 letter words
That you never speak

Then you called me every name there is
Flip me off and scream

This is the last, the last time
You stick a knife into my back
& you'll wish you could rewind every second chance
you
Had to tell the truth and follow though
I doubted me and trusted you
Every time you cross the line you want one last last
Time

Once again I tried to call
But you won't answer me at all...

I still want a last, last
So I'm going to ask one more time

I want a last last time
I wish I could rewind every second chance I had to
Tell the truth and follow though You trusted me & I
S*** on you
Every time I cross the line I want one more last time

Give me one, give me one,
Give me one, give me one,
One more last time.

Give me one, give me one,
One last last time.
Give me one, give me one.
