Ready, aim, liar.  
You never try to keep your pants on anyway.  
your roots are getting tired  
And I don't want to listen  
She's asking nice to stay

No taking  
.....  
It's a process  
.....

I'm better off, better off  
Did you get what you want?  
It's a miracle, miracle  
That we even made it this far.  
And you better, know better know  
That we are just a memory  
Better off alone.

You're tearing at my scars  
To open up the same cuts  
I watched her fade away  
You're throwing every card  
And you're cheating at a game  
That I don't think I wanna play

....  
Believe me  
Are you really letting go?

I'm speaking from the only spark  
That stays in my heart

I'm better off, better off  
Did you get what you want?  
It's a miracle, miracle  
That we even made it this far  
And you better know, better know  
That we are just a memory  
Better off alone  
We're better off alone  
Yeah

What goes around  
Comes around  
What goes around  
Comes around  
.....

I'm better off, better off  
Did you get what you want?  
It's a miracle, miracle  
That we even made it this far  
And you better know, better know  
That we are just a memory  
Better off alone  
We're better off alone  
We're better off alone
