Words

Run through my head
But don't hit my tongue
I'm afraid I might say something wrong
The last thing I want
Is to push you away
But your eyes
Only blur the lines

Bring me in out of the grey
We're so lost between letting it show and holding it
back
Tell me it's worth it to stay
And I'll stay

You
You're so hard to read
But still every page
I'm on the edge of my seat and I wish
You would just talk
And open up
Tell me something that I need to hear
Not much
Oh just one touch

Gotta bring me in out of the grey
You're so lost between letting it show and holding back
Tell me it's worth it to stay
And I'll stay
Yeah I'll stay
Just bring me in out of the grey

Before I drift alone
Try to hold me down
Yeah I dare you to move
If you're waiting on me
'Cause I'm waiting for you

To bring me in out of the grey
We're so lost between letting it show and holding back
Tell me it's worth it to stay
Yeah I'll stay

I'll stay

Bring me in out of the grey
We're so lost between taking it in and giving back
Tell me it's worth it to stay
Yeah I'll stay
Yeah I'll stay

Words
Run through my head
But don't hit my tongue
'Cause I'm afraid I might say something...
