She hopes to be,  
Carried along when her feet fail her.  
She's scared to be,  
Buried alive when I can't save her.  
Don't be afraid of the unknown.  
Don't leave if you really want to stay home.  
As strong as you are,  
You cover your scars,  
And just let go.

I'm over you.  
Now that you're happy,  
Now that you've dried your eyes.  
I'm over you.  
You're packing your suitcase,  
Leaving me behind.  
You thought we'd never die,  
For the first time we both feel alive.  
It's hard to watch us break in two,  
But when you're over me,  
I'm over you.

Love's a long shot,  
Worry about what really matters.  
She knows I've got,  
Something to occupy me after.  
Don't be afraid of what you don't know.  
Don't leave if you're just gonna come home.  
As strong as you are,  
You jump in your car,  
And hit the road.

I'm over you.  
Now that you're happy,  
Now that you've dried your eyes.

I'm over you.  
You're packing your suitcase,  
Leaving me behind.  
You thought we'd never die,  
For the first time we both feel alive.  
It's hard to watch us break in two,

But when you're over me,  
I'm over you.

I'm over you (x11)  
I'm over...

I'm over you.  
Now that you're happy,  
Now that you've dried your eyes.  
I'm over you.  
You're packing your suitcase,  
Leaving me behind.

I'm over you.  
Now that you're happy,  
Now that you've dried your eyes.  
I'm over you.  
You're packing your suitcase,  
Leaving me behind.

I'm over you.  
Now that you're happy,  
Now that you've dried your eyes.  
I'm over you.  
You're packing your suitcase,  
Left me all behind.

I'm over you  
Now that you're happy  
Now that so am I.

I'm over you  
I'm over you  
Are you over me too?
