Are you suppressed yet?  
Depressed yet?  
Are you waiting on a pill to save you?  
Wishing for a dream to come true?  
Are you waiting?  
Do you hate it?  
Are you knocking on that door?

Rich guys with hot wives are still sad.  
What do they really want?  
Nice score, the cheap sex, the paychecks  
What do we really want?

Are the notches, on your bed post, what you need  
most?  
Does your conscience start to eat you, when she leaves  
you,  
And takes a little more than what she gave you?  
No one can save you.

Rich guys with hot wives are still sad.  
What do they really want?  
Nice score, the cheap sex, the regrets  
What do we really want?  
All the money in the world, the cars, the house, the  
drugs, the girls  
My life, your life  
What do we really want?

Demons in your closet  
Secrets have accosted  
Your dream, now you lost it  
Now you know

Whooooooooaa

Whooooooooaa

Whooooooooaa

Whooooooooaa

Rich guys with hot wives are still sad.  
What do they really want?  
Nice score, the cheap sex, the regrets  
What do they really want?  
All the money in the world, the drugs, the house, the  
cars the girls  
It's my life  
It's your life  
It's our life

Yeahhh

It's his life  
It's our life  
It's our life

Shut up!

What do we really want?

What do we, what do we, what do we want?

All the money in the world, the drugs, the house, the  
cars the girls

What do we really want?
