Looking down at the ground to hide
The sorrow drawn on your
Face
Speaking words from your dreams to disguise
The
Lies painted in your mind

I'm your pain
You
Are my hurt
Take me as I am
Believe I am yours (x2)

Listening to angels singing to fade
Your screams
Echoing in my ears
Watching the sun for too long just to
Blind myself from the mirror

I'm your pain
You are my hurt
Take me as I am
Believe I am
Yours... (x4)
