Terror in the eyes of a child  
Weapon in the arms of a woman  
Survival in the heart of a killer

And here we are  
Seeking for a revolution  
But after all  
Is there anything left to be amended

It will all be over any second now  
Don't wait for tomorrow  
Do us a favor and stop the dreaming

So it's the end of the world  
it's the end of the world  
Hey it's the end of the world

Smoke blocking the sun  
Dust fading the shade of green  
Can you now see the true colors

Of who we are  
We're the essence of pollution  
And face the truth  
We're too late to be purified  
It will all be over any second now  
Don't wait for tomorrow  
Do us a favor and stop the dreaming

So it's the end of the world  
it's the end of the world  
Hey it's the end of the world  
it's the end of the world

And it's here  
The day before tomorrow

It will all be over any second now  
Don't wait for tomorrow  
Do us a favor and stop believing

So it's the end of the world

it's the end of the world  
Hey it's the end of the world  
it's the end of the world

the end of the world  
the end of the world
