I lost track of good sense 'cause I never
Learned when to stop

And somewhere along the way I dragged you
Into this mess

I chose to fight but I lost
I ruined all and you paid the cost
But I hope that you would

Turn and stay with me
I know you hate me now
But now I need you to

Turn and stay with me
Through these tormenting days
That only you can alleviate

I did everything I feared I would do
When the pressure cracked me

Some say it's hate, some say it's fate
That put those words in my mouth as I raged
But I hope that you would

Turn and stay with me
I know you hate me now
But now I need you to

Turn and stay with me
Through these tormenting days
That only you can alleviate

And I'm so sorry
You have to watch me crawl
But for once in my life
I know I'm too weak to survive

I'm closer now
Surrender is near
Pull me to you, pull me up
I'm closer now

Surrender is near
Pull me to you

Turn and stay with me
I know you hate me now
But now I need you to

Turn and stay with me
Through these tormenting days
That only you can alleviate

And I'm so sorry
You have to watch me crawl
But for once in my life
I know I'm too weak to survive
