Now the sidewalks are empty  
and there4s rain in the streets  
But I just won4t notice, I4ll be watchin4 my feet  
But don4t try to help me  
There ain4t nothin4 you can do  
My baby4s walkin4 with someone new

How did it happen, what did we do  
The last thing she told me was ""I still love you""  
But now there4s just two footsteps  
slappin4 out these blues  
My baby4s walkin4 with someone new

Anybody can be true an4 everybody flirts  
So how come I don4t even know  
If I can show how much it hurts...because

Lovin4s just lovin4 , it4s sad but it4s true  
But there4s somethin4 bout walkin4  
that special with two  
And my sweetest of memories is walkin4with you  
And now you4re walkin4 with someone new

My baby4s walkin4 with someone new  
My baby4s walkin4 with someone new  
How did it happen, what did we do
