It's 10 am and I'm up early with P90X
I'm at the gym as if I'm 'bouta do a lotta reps
I see a couple of girls starin' like they're so impressed
Must know I'm 'bouta lift a billion on the bench press

I take my time and stretch, no unnecessary cramps
These two are lookin', watchin', waitin' for the perfect
chance
They wanna ask me for picture, they're my biggest
fans
Or so they think; secretly, I've been stalking them

Time passes slowly, hours later it's 3:33
I'm headed Mickey D's, you're coning with me
That value menu is the bomb, diggy-diggy-d
I'm 'bouta go bottoms up with my ice cream

The lady at the window smiles when she looks at me
She got the fragrance of a Big Mac with no cheese
Hands me the cone like, "Here you go sweet pea."
She didn't know which window I'd been underneath

Now you might listen to my song and think it's all
pretend
While you've been giggling and tweeting this to all your
friends
You think it's over but this game's about to begin
What you don't realize is I just started a new trend

Planking was last week this about to be what's next
I'm taking pictures of my victims when they least
expect

You do a creepy face, leave the scene without a trace,
Upload your picture to space, stalking all over the place

Doctor stalker doctor stalker doctor stalker

Yo I'm in space right now in my spaceship
Of course in the spaceship it's space
But I'm stalking you from space! 'Cause I rep space!

It's better than planking, it's better than coning
And it's better than whatever you're gonna come up
with
It just..is amazing, you better STALK

Swag swag swag swag, my swag swagger swagger
swagger
My swag is swag, is your swag swag?
