Clarence White and Josh Muray
I never thought I'd see the day
It hurts to hear but it's so easy to say
Clarence White

I know I shouldn't be afraid

You think it's pretty (oh no)
I am a raging river
It'll cut through your city (oh no)
Just like the destroying angel
The one from the movie (oh no)
The one with Charlton Heston
That used to scare me

But I know I shouldn't be afraid
I know I shouldn't be afraid
I know I shouldn't be afraid
I know I shouldn't be afraid
