I...I've seen the light I've seen the light I've seen the
light
Cause sometimes late at night I get luster by the city's
lights
I...I've seen the light I've seen the light I've seen the
light
Cause sometimes late at night I get luster by the city's
lights
Sleeping faster these days less time to master my
ways
I've gone around so watch and wait keeping hands
stong in fate
All this spitedum sleeps on you feels so weak in the
sleep for you
I've build around out the need but he's in the house so
we can need

I...I've seen the light I've seen the light I've seen the
light
Cause sometimes late at night I get luster by the city's
lights

I...I've seen the light I've seen the light I've seen the
light
Cause sometimes late at night I get luster by the city's
lights
I...I've seen the light I've seen the light I've seen the
light
Yeah
I...I've seen the light I get luster by the city's lights

Cause sometimes late at night cause sometimes late at
night

Cause sometimes late at night I get luster by the city's
lights
Cause sometimes late at night cause sometimes late at
night
Cause sometimes late at night I get luster by the city's
lights
I...I've seen the light I've seen the light I've seen the
light
Yeah
I...I've seen the light I get luster by the city's lights
I...I've seen the light I've seen the light I've seen the
light

I...I've seen the light I get luster by the city's light
Yeah yeah yeah yeah yeah yeah yeah...
