Slow down, the building's on fire
The freaks say no, but those freaks are liars
The girls are getting high the hoes are getting low so
slow down
You're on fire.
What you want, fellas
What you need, girls
What you want, fellas
So slow down
Break down, your soul looks tired
They try to lay it down, but that theres a liar
The drugs are getting high the party going low so slow
down
You're on fire.
What you want...
What you need...
What you want...
So slow down
(You're gonna keep on keeping on [background] [ad
nauseam])
What you want fellas
Its what you need girls
What you want fellas
So slow down
Slow down, the building's on fire

The freaks say no, but those freaks are liars
The girls are getting high the hoes are getting low so
slow down
You're on fire.
What you want, fellas
What you need, girls
What you want, fellas
So slow down
Break down, your soul looks tired
They try to lay it down, but that theres a liar
The drugs are getting high the party going low so slow
down
You're on fire.
What you want...
What you need...
What you want...

So slow down

(YouÂ're gonna keep on keepinÂ' on [thru end of
song])

What you want...

Its what you need...

What you want...

So slow down

[this chorus intermittently throughout rest of song]
