You always said that going out was
Something you can't live without.
You wanna know,
I can't believe you never
Would stay home with me.

People told me what they see
Exactly what you do to me.
They tell me all the things you do
But still it didn't seem like you.

You said it meant nothing
And that you're only mine,
I saw this one coming
But I closed my eyes.

Would you change for me,
As I close my eyes
All alone I see.
Why did you change sides.
Why did you change sides.

And now it seems you're all alone
Kicked you out of house and home.
I can't believe it came to this
Girl, you don't know what you missed.
I cared for you every day,
Every single little way.
You spit it back in my face
Then you did it in a plane.

I caught you in mid-lick
With no where to hide,
So why you denying
What I saw with my own eyes.

Would you change for me,
As I close my eyes
All alone I see.
Why did you change sides.
Why did you change sides.

Would you change for me,
As I close my eyes
All alone I see.
Why did you change sides.

Would you change for me,
As I close my eyes
All alone I see.
Why did you change sides.

Why did you change sides.
