You walked into a station  
Like no one else was there,  
And without no hesitation  
I could tell you didn't care.

I saw you at the party  
Such a wonderful disgrace.  
You were looking in the mirror  
It was some one else's face.

Cause I've seen this all before.  
I can't take it anymore.  
Your already dead to me,  
I close my eyes and I am free.

I hate you anyway.  
You gave it all away,  
And everything I gave  
You threw it right back in my face.  
Screw you anyway  
You threw it all away.  
If I'm going down, so are you.

You think your kinda special  
But you couldn't be more wrong.  
I think your fucking awful,  
And I wish that you were gone.

I saw you at the party,  
Such a pretty waste of space.  
You were flirting, flaunting,  
Always wanting someones else's place.

Cause I've seen this all before.  
I can't take it anymore.  
Your already dead to me,  
I close my eyes and I am free.

I hate you anyway.  
You gave it all away,  
And everything I gave  
You threw it right back in my face.

Screw you anyway  
You threw it all away.  
If I'm going down, so are you.

You never realized  
All the things you should have said.  
You never compromised,  
Always screwing with my head.  
But I just can't take it any more.

I hate you anyway.  
You gave it all away,  
And now that you are gone,  
I take back everything I say.  
Screw you anyway  
You threw it all away.

If you were gone today,  
I would dance upon your shallow grave.  
I hate you anyway,  
You gave it all away.  
Screw anyway,  
You threw it all away.
