I woke today, and I feel the same as I did last night
The same old fight as we had before.
If you're feeling, no more healing,
I'll be leaving out the door.

And I'll say that you're not the one,
And I'll turn my back,
If you promise that you'll say there is nothing left,
That there is no trust between us.

And I'll say that you're not the one,
And I'll say that this love is gone,
And I'll say I will miss you.

All a blur of useless words,
It's so cold inside, and I can't find what we had before.
No believing, no more meaning, and I'm not waiting
anymore.

And I'll say that you're not the one,
And I'll turn my back,
If you promise that you'll say there is nothing left,
That there is no trust between us.

And I'll say that you're not the one,
And I'll say that this love is gone,
And I'll say I won't miss you.

Don't ever tell me you're lonely.
Don't ever tell me you need me.

And I'll say that you're not the one,
And I'll turn my back,
If you promise that you'll say there is nothing left,
That there is no trust between us.

And I'll say that you're not the one,
And I'll turn my back,
If you promise that you'll say there is nothing left,
That there is no trust between us.

And I'll say that you're not the one,

And I'll say that this love is gone,
And I'll say that you're not the one,
That you're not the one,
That you're not the one,
And I'll say I won't miss you.
