Woke up in a haze today,
I don't recognize this face.
What have I become.

Afraid to open up the door.
I can face the world no more.
Where has my life gone,
Trying to remember, where did I go wrong?

And everywhere I turn,
Another dead end street.
When will I ever learn
I will land on my feet.

I do it to myself,
Addicted to the pain.
When will I ever learn
I've got no one to blame.

Nothing seems to satisfy,
The vacuum that surrounds my life.
What have I become.

Cut myself just to bleed
Lost track of reality.
I guess I'm on my own.
Trying to remember,
When did I go wrong.

And everywhere I turn,
Another dead end street.
When will I ever learn
I will land on my feet.

I do it to myself,
Addicted to the pain.
When will I ever learn
I've got no one to blame.

Out of control I'm spinning away
I just keep hoping something might change.
I'm on the edge about to break

From one simple mistake.

And everywhere I turn,
Another dead end street.
When will I ever learn
I will land on my feet.

I do it to myself,
Addicted to the pain.
When will I ever learn
I've got no one to blame.

When will I ever learn.
When will I ever learn.
When will I ever learn.
