Fine, I understand  
Okay with me, if that's the plan  
You can take the stereo, the TV and the video,  
The bed, the sheets and pillows,  
Before you go.  
But for now, unlock the door  
What are we doin' all this for?  
Let me make you dinner one last time  
Then you'll go your way, and I'll go mine.  
And I won't call you baby, (anymore)  
Won't call you baby (like I did before)  
Won't call you baby, anymore  
Eleanor  
You left your smell, you left your taste  
You left me here with my mistakes  
And I can't relate to what you say I've done  
But just for you, I'll bite my tongue  
And I won't call you baby, (anymore)  
Won't call you baby (like I did before)  
Won't call you baby, anymore  
Eleanor I miss you  
Eleanor be well  
Eleanor I wish you'd release me from your spell

Come on!  
Eleanor!  
Do it!  
You can- Do it!  
And I can't call you baby, (anymore)  
Won't call you baby (like I did before)  
Won't call you baby, anymore

No I can't call you baby, (anymore)  
Won't call you baby (like I did before)  
Won't call you baby, anymore  
Eleanor
